The Continuo Arts Conservatory of Music is hosting specific

Brain plasticity refers to the brain's ability to change throughout life. Changes associated with learning occur mostly at the connections between neurons. When studying musicians, they found that the cortex volume was highest in professional musicians, intermediate in amateur musicians, and lowest in non-musicians.

summer sessions! If you've ever wanted to try private studies, or don't have enough time during the year, this is your opportunity!

We are still accepting applications for our Fantastic Musical Theater Intensive Program - Director Samantha Ferrara and her staff are excited for this season at our new Conservatory location - you don't want to miss it!
